# BETTA SPLENDENS

Graduation Fashion Show  
Italiana, Florence Italy  
2016

Betta Splendens is the scientific name for Siamese fighting fish or we all known as “Pla Kad” the collection inspired from the photos of Siamese fighting fish by Mr. Visarute Angkatavanich. The delicacy of Siamese fighting fish movement and colours were the elements in this collection.

Photo :Sebastian Suman (Media Romantica)

“...The beauty of the this species is not just from they colour and the movement of their tails but the beauty came from within that they are natural born fighter which women also have this spirit in them...”

“...The garments have told the stories of an attractive and seductive woman, especially one who will ultimately cause distress to a man who becomes involved with her. They are sweet by the looks but they still remain fighter within and if you are not careful enough this might lead into trouble...”

# BE THE LIGHT

Graduation Fashion Show  
Chanapatana International  
Design Institute, BKK  
Thailand 2014

...“Be the light” is the name  
of the collection which is  
inspired by the same song title  
Be the light, by One Ok Rock, a  
Japanese popular rock band. The  
collection is characterized by  
feeling of transformation from  
the darkness into light, from  
sorrow to strength by accepting  
the darkness in life the  
collection design for SS 2015

...

“Yesterday’s night turns to light  
Tomorrow’s night returns to light  
Be the light”

One Ok Rock : Be The Light

... “From the darkest sorrow  
which the unstable emotion  
transferring into  
The brightest courage to shine  
above the darkest moment you  
have overcome...”

Just the thought of another day  
How did we end up this way  
What did we do wrong?  
God  
Even though the days go on  
So far, so far away from  
It seems so close  
Always weighing on my shoulder  
A time like no other  
It all changed on that day  
Sadness and so much pain  
You can touch the sorrow here  
I don't know what to blame  
I just watch and watch again  
O...  
Even though the days go on  
So far, so far away from  
It seems so close  
Even though the days go on  
So far, so far away from  
It seems so close  
What did it leave behind?  
What did it take from us and wash  
away?  
It may be long  
But with our hearts start a new  
And keep it up and not give up  
With our heads held high  
You have seen hell and made it  
back again  
How to forget? We can't forget  
The lives that were lost along the  
way  
And then you realize that wherever  
you go  
There you are  
Time won't stop  
So we keep moving on  
Yesterday's night turns to light  
Tomorrow's night returns to light  
O... Be the light

Always weighing on my shoulder  
A time like no other  
It all changed on that day  
Sadness and so much pain  
Anyone can close their eyes  
Pretend that nothing is wrong  
Open your eyes  
And look for light  
O...  
What did it leave behind?  
What did it take from us and wash  
away?  
It may be long  
But with our hearts start a new  
And keep it up and not give up  
With our heads held high  
You have seen hell and made it back  
again  
How to forget? We can't forget  
The lives that were lost along the  
way  
And then you realize that  
wherever you go  
There you are  
Time won't stop  
So we keep moving on  
Yesterday's night turns to light  
Tomorrow's night returns to light

O... Be the light

Some days just pass by and  
Some days are unforgettable  
We can't choose the reason why  
But we can choose what to do from the  
day after  
So with that hope, with that determi-  
nation  
Let's make tomorrow a brighter and  
better day

ACCESSORIES PROJECT

ACCESSORIES PROJECT

# ADUST

Accessories  
project  
V semester  
Accademia  
Italiana

“Quiet people have  
the loudest minds”

weaving are interesting and  
charismatic

# BOND TO BORN

Reco Young Designer  
2014  
Final Round  
BKK, Thailand

Nature to fashion...  
“Bond to born”  
when the time passed the  
life is preserve to be  
born..  
inspired by Christo’s  
wrapped tree

The Fabric was  
Silver oxford similar to the  
fabric used in Christo’s Wrapped  
tree installation art work. The  
texture created by heat gun to  
mimic tree  
texture.
