To Whom it May Concern,

I have known Keerati Ungvisitwong in my capacity as Fashion Teacher at the Accademia Italiana, in Florence.

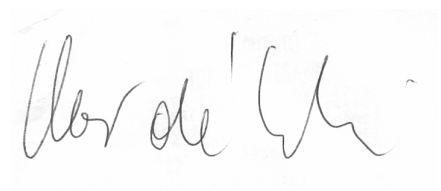

Based on Keerati 's grades, attendance and class participation, I'd rate Keerati's academic performance in my class as superior.

I would highly recommend Keerati Ungvisitwong for any program. If her performance in my class is any indication of how she will succeed, Keerati will be a positive addition to the program.

Keerati quickly learned to manage her time and to recognize the importance of developing collections that appear appealing, professionally organized with a particular attention to tailoring and materials use and combination.

If you should need any additional information you can feel free to contact me at +39 347 3728537 or by email at [marco@de-micheli.com](mailto:marco@de-micheli.com) anytime.
